Please keep in mind everything for our business is paid for out of pocket and comes out of our income. Families are paying for their spot and not attendance. This is non-negotiable as with most licensed childcare facilities. We cannot run our business and pay for the supplies we need to maintain a healthy and safe environment without a consistent income.

The enrollment fee also will ensure families are serious about enrolling their child so we can run a successful educational environment and small business.

Diapers & wipes are provided by the facility

Food, formula and milk is provided by the families

We accept Subsidy and are enrolled through The Santa Barbara County Education Office.
